## PE and Sport Premium Funding

The Government now allocates additional funding to schools each year aimed at improving sport-related activities.

Data collected from schools in January of each year is used to determine the amount of funding a school will receive.

Kings Langley Primary School was allocated £10,311 during the Financial Year 2016-2017 (April 2016 to March 2017 inclusive). With this funding, we have:

	<b>Impact</b>
1. Appointed a sports apprentice	-children are now trained, in advance of all sports festivals -daily lunchtime activities now take place on the school playground for identified pupils -we now have additional pastoral support during class time, for identified pupils -we now run additional after school activities -we have helped upskill teachers in delivering quality sports sessions
2. Purchased new/additional resources and equipment	-we have broadened the range of sports that we teach
3. Joined the local SSCo Partnership -coach hire -partnership fees	-children can compete against local school in a much wider range of sporting activities

For this current year (April 2017 to March 2018 inclusive) we have been allocated £9,700 and intend to make similar spends. We also plan to appoint an additional Sport Apprentice so that we can offer extra support to our staff and pupils.
